### AFFAIRS IN BROOKLYN.

THE JUSTICE SILENCED THE LAWYER. A LIVELY THE BETWEEN WILLIAM KRAMER, RECENTLY REPUBLICAN CANDIDATE FOR

SHERIPP, AND A DEMOCRATIC OFFICIAL. 94 Broadway, I-rooklyn, E. D., had a lively tilt yesterday with Police Justice Watson, who presides over the Ewen Street Police Court The dispute arose during the trial of John F. Luttrell, who was accused of grand larceny, the complainant being August Soffel, of No. 324 Steckhelm-st. Mr. Kramer appeared for the prosecution and Mr. Rousch for the defence. While Soffel was on the stand Mr. Rousch asked him several questions to which objection was made by the opposing counsel, who instructed the witness not to answer until the Justice had ruled upon the question.

You have no right to tell the witness any such thing," shonted Justice Watson. "I'll tell him if "He is my witness," replied Mr. Kramer, "and I

have the right to tell him when he should not answer questions put to him." "He is under cross-examination by the other cond

sel." came the Justice's reply, "and is not your wit-ness now. You will not tell him not to answer." To this remark Mr. Kramer replied, "that he knew

his rights and intended to have them." You will not appear further in this case unless have the consent of the District-Attorney," said

"If that is all that is necessary," answered Mr. Kramer, "I have that now to appear for the people here."
"You must have the written consent of the DistrictAttorney, before you can proceed further," shouted

Attorney, before you all the property of the watson. When Mr. Kr. or attempted to speak again, Justice Watson ordered him to sit down. Mr. Kramer sat down, and Justice Watson, after hearing the rest of the evidence, discharged the prisoner on the payment of the money in dispute to Soffel.

Mr. Kramer is a prominent Republican and was the Republican candidate for Sheriff of Kings County against Sheriff Couriney. The Justice is a Democrat.

A NEW WATER SUPPLY COMMISSION. Wien Judge Tratt set aside the report of the Long sland Water Supply Commission several months ago ie intimated that he would appoint a new commission, and he named it yesterday. The new members are John L. Hill, Hogo Hirsh, Frederic Jansen, William-son Rapalje and Dr. William H. Bates.

The former commission was composed of Edward Rowe, E. W. Bliss, E. M. Shepard, E. W. Hunt and Charles E. Emery.

After a score or more hearings the majority After a score or more hearings the majority of the commission reported in favor of an awart of \$570,000 for the prop ty, for which Mayor Chapin had agreed to pay \$1,250,000. Commissioners Emery and Rowe favored an award of nearly \$2,000,000, taking into account the future value of the exclusive franchise claimed by the company. When the counsel for the city sought to have the award confirmed Judge Pratt refused to confirm it and granted a motion to vacate At that time, as the law stood, the city could ot appeal from the decision. But a bill was passed by the Legislature allowing an appeal, and the case will be carried to the General Term of the Supreme

TENNIS MATCHES IN ORANGE CONTINUE.

PARKER AND FOOTE, THE "COMING MEN" OF 1893, SOON TO MEET.

Parker and Foote, the "coming men" of the tennis senson of 1893, were the heroes of the day yester day afternoon on the Orange Tennis Club courts. Each reached the finals with comparative ease, and their meeting in the finals will attract a crowd even larger than that which surrounded the courts yes terday afternoon. Parker did the best work of the day, beating Candler and Fischer in succession without losing a set. His work is all the more creditable as the condition of the courts forced him to abandon his usual back court game and adopt Campbell's plan of running up on his service. Fischer seemed overconfident and was a beaten man before he realized Colby fell a rather easy victim to Foote, though he displayed great persistence in re-

turning the Yale man's well-placed shots.

E. L. Hall and Richard Stevens played a practic game in the fit rnoon, and the Hoboken player showed rather the better form, Hall playing with the carelessness he always shows in practice games. If Stevens hits the side-lines as accurately on Saturday as he did to day his championship will be safe enough. A summary of the day's play follows:

The Tribune has published in pamphlet form, 120 large pages, a report of the Proceedings of the recent Presbyterian General Assembly, in Washington, giving with especial prominence and fulness the Trial of Dr. Briggs.

There is no other extended account of this now famous trial, and of the speeches of Gen. McCook, Dr. Briggs, and others, in print, nor is there likely to be any other. The proceedings are reported by the Rev. John B. Devins, a Presbyterian clergyman, who caused a full stenographic report to be taken.
